

COX ENDS TRIP IN KANSAS CITY

**Gets Rousing Reception
With League Remain-
ing As Topic**

DUE AT HOME TONIGHT

**Will Rest Several Days Before
Starting On Another Trip
In Kentucky Wednesday**

KANSAS CITY, Oct. 2.—Governor Cox closed his month's western campaign trip here tonight with a mass meeting at convention hall at which thousands of persons from Missouri and Kansas heard and cheered the league of nations and other battle standards of the democratic presidential candidate.

With special reference tonight to the Irish question in all ten speeches of today's finale of his "meeting" through the west, which began September 2 and has traversed every state west of the Mississippi river except three, the league was preached by Governor Cox. He reiterated that it was a "pledge" to American in the war, a bond of honor with the allies and a medium for moral and material betterment for America and the world.

His speech tonight made a total of 190 for the governor during his western trip, exclusive of many minor greetings in the 22 states visited, and a total of 320 speeches since his notification last August. Leaving here tonight, upon arriving home at Dayton, Ohio, tomorrow evening, to rest and prepare for another trip into Kentucky and Tennessee late next week the candidate will have traveled about 11,200 miles on his western tour, or an average of 364 mile daily since starting out one month ago tonight.

Great satisfaction with the results of his western trip and utmost confidence of the result of the elections a month hence was expressed by the governor. He repeated confident

claims of election and said that from now on the fight would be "the coasting." He said he was very tired, but with a few days rest next week, expressed assurance of a strong finish.

Earlier in the day he made addresses at Miami, Oklahoma; Muskogee, Kan., and at Joplin, Missouri. Richards and Hume, Mo. Governor Cox shared the platform tonight with Mrs. George Bass of Chicago, chairman of the democratic women's organizations, who discussed feminine questions. The presidential candidate was introduced by James P. Aylward, democratic county chairman. Many prominent democrats of Missouri, Kansas and Oklahoma, including Governor Hiram, of Missouri and Robertson of Oklahoma, and John M. Atkinson, democratic candidate for governor of Missouri, and J. M. Smith, gubernatorial aspirant in Kansas, accompanied Governor Cox on today's trip and were platform guests tonight.

Criticism of the league in this community by Irish sympathizers inspired apparently an extended statement by the governor tonight. He stated that he proposed to bring the Irish question to the attention of the league. If elected president, the candidate repeated that authorities for such action would be had under article 11. And he declared that upon attaining independence, the Irish would be "thankful" for article 10 with its protection, the governor argued, against external aggression upon weak as well as strong nations.

"Big business is fighting me," he said, "because I favor the golden rule and not the payment to settle industrial controversies." The optional program of ex-service men's compensation advocated by the American Legion was approved by Governor Cox in several speeches today. Governor Cox was due at Dayton at 6 o'clock tomorrow night to rest and attend to personal and executive business next Monday, Tuesday and Wednesday. To give him additional rest, engagements arranged for Monday at Fremont, Ohio, and Tuesday at Cleveland, were cancelled. According to present plans, the governor will leave Wednesday night upon another trip, including Elizabethtown and Paducah, Ky., and Nashville, Tenn., preceding itineraries in Indiana and Illinois. Most of the east also will be covered by the candidate before election day.

OPERATORS PICK WAGE COMMITTEE

**Members of Association to
Make Decision As to
Position on Pay**

By Associated Press wires wire.
MALESTER, Oct. 2.—A committee of three men was appointed by the board of directors of the Oklahoma Coal Operators' association

at a meeting in McAlester Saturday morning to make a decision as to the position of the association in regard to the new demands of miners of the state for increased wages. The committee is composed of Dorset Carter, president of the association; J. B. Wilson, commissioner, and J. G. Futerbaugh. According to the decision, the attitude of the committee toward the miners will be announced within the next few days.

The matters of reopening negotiations with the state miners was discussed at the directors' meeting Saturday, but no direct action was taken on account of the absence of members of the board.

To All Former Members of the First Division:

The First Division will erect a Monument in Washington or Arlington in memory of its 200 officers and 4,800 soldiers who were killed or died of wounds on the battlefields of France. We feel that all former members of the Division, both officers and men, would like to help us in honoring the sacrifices of the brave men who made the success of our arms possible, and in preserving to our country the inspiration of their spirit and their example.

The First Division endeavored to uphold before the world the standards of the United States army. You all know its story. You all have doubtless lost friends and "buddies" in some one of the various campaigns the Division participated in. Will you not join in this worthy task? Twenty dollars will make it possible to place one name in perpetual memory.

Should you be unable to contribute at once, will you not subscribe to a series of payments? If you have already contributed will you not drop me a line to this effect, so that we can make it a matter of record in our local organization?

Major General C. P. Summerall, U. S. A., again commanding the First Division at Camp Dix, New Jersey, has appointed me as Secretary of the Oklahoma District's committee, and a thorough campaign in on foot to raise a subscription from this state that will surpass any other district. For this reason, we are appealing to you through the news columns, and by personal letter where your address is known. Won't you co-operate with us by sending in your contribution, or letting us know if you previously contributed?

Checks, money orders, etc., should be made payable to The First Division Memorial Association and sent to me so that I can forward a consolidated report to General Summerall.

This Business Founded On Greatest Values

GIVING a bit more for your money is not a new thing with this store. Way back when Tulsa was a town of a few thousand we started doing that. In the twelve years we've been established here we've never lost sight of the fact that this policy is responsible for our success. So when you read claims of small profit making and lurid statements of who did it, you'll be wise to take them with a grain of salt.

ONE fact does stand out, amidst all the advertising claims so prevalent. That is, that our greater value giving policy has never before been so apparent as it is right now. Buying as we do for three stores, and operating the largest clothing business in Oklahoma, it is as natural as light following darkness, that we can succeed on a smaller margin of profit than any small business possibly could.

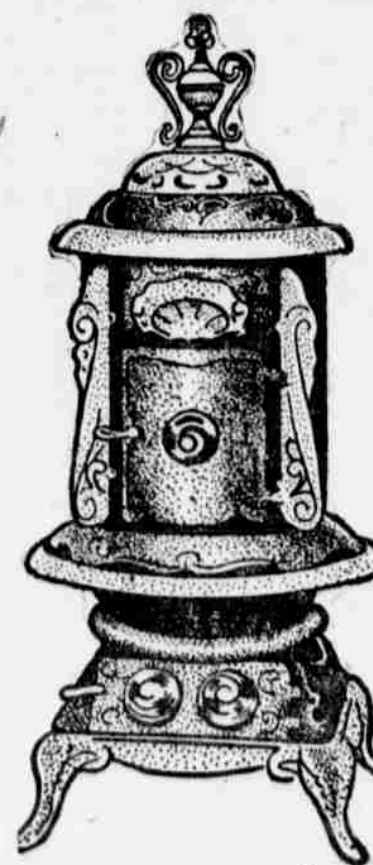

YOU'LL see very quickly, once you make comparisons that all we say here is very true. You'll find values as good as we say they are. You'll find none but quality clothes from such makers as Hickey-Freeman and Stratford. The sort of clothes you're accustomed to having and the only sort any man can afford.
